

# PARENTS AS THE AGENTS OF CHANGE

## Incorporate the Fundamentals of Neuroplasticity into Everyday Life

### A 2-day workshop for parents and caregivers of children with special needs

April 13th & 14th, 2019

Ralph Thornton Centre, Toronto

- Understand and experience the Anat Baniel Method® of NeuroMovement® and the Nine Essentials
- Explore your own brain-body connection
- Discover how to create powerful learning experiences for your child at home
- Dialogue with and learn from peers
- Participate in open conversation about the joys and challenges of raising a child with special needs

Taught by

Judith Dack

Senior Anat Baniel Method® NeuroMovement® practitioner bringing 30 years of personal and professional experience in working with children with special needs.
