Currently the President of the Paediatric Cortical Visual Impairment Society in Canada and the USA

Masters - Special Education - Visual Impairment

Bachelor of Health Studies, Psychology

Early Childhood Education for the Developmentally Handicapped

Wednesday May 15th, 2019 7:00 – 9:00pm

**Cortical visual impairment (CVI)** is the number one cause of visual impairment in children.

Come and join us at Uptown Studio as we host Lindsay Hillier from Surrey Place, the foremost visual impairment facility in Toronto.

Lindsay's in-depth presentation will help us understand CVI. You will learn practical tools that you can be doing to improve your child's vision at home and have your questions answered.

Limited space available. RSVP at [cvi-info.eventbrite.ca](http://cvi-info.eventbrite.ca)
